

CONGRESSIONAL CONTACTS

NAHRO is seeking members to serve as Congressional Contacts. The ask is simple: Pledge to send action alerts to your members of Congress, and in return we will directly alert you to new letters in the Action Alert Center. Your participation will help us target Congress members who can support vital housing and community development legislation.

Why should you become a Congressional Contact?

- Timely news and action alerts
- Access to exclusive advocacy trainings
- Opportunities to meet with Congressional staff members

Speak up for affordable housing in your community! Submit an interest form on the NAHRO website to become a Congressional Contact.
